Student Life Fee

A key component of our culture is community. Student Life activities are designed to promote community by giving students the opportunity to spend time together in social settings outside of school. These events include, but are not limited to:

- First Friday
- Fall Festival
- Sadie Hawkins
- Banquet
- Class Clash Day
- Class Parties

Book and Technology Fee

We believe that preparing our students for leadership includes preparing them to use technology confidently, capably and ethically. This program as well as the infrastructure it takes to effectively integrate technology in our classroom, is supported through our Book and Technology Fee. This fee includes:

- Textbooks / e-books / workbooks
- Lenova ThinkPad Chromebook computer for every student
- Licensing fees
- Technology upgrades and maintenance of all classroom technology
- Network infrastructure and access
- Student and teacher technology support
