SCHOOL PROFILE

'24/25

Westside Christian High School is a non-denominational high school located in the suburban community of Tigard, just twenty minutes south of downtown Portland. We have a student body of just over 300 students with an average classroom size of 17. Our students come from all over the greater Portland area. Additionally, we have international students from South Korea, China, and Vietnam.

Our students experience a great deal of success in academics, arts, and athletics, but our mission is much deeper and more broad. We encourage our students to cultivate meaningful relationships and inspire them to learn and discover their passions and purpose in life.
