

**Athletics Mission:** We prepare athletes to compete with excellence and learn transformative skills applicable to life outside of athletics.

The mission of our athletics program falls under the umbrella of our school mission: equipping servant leaders in God's kingdom by educating and developing the whole person for the glory of God.

Athletes will be exposed to numerous transformational experiences during the course of a sport season. It is through these experiences that they will learn valuable skills that will equip them for life as servant leaders in God's kingdom after their high school athletic careers have come to an end. It is our vision that athletes exemplify our school's core values of:

**Listen to God**

**Relate to others with grace**

**Be inspired and equipped to learn**

**Discover how they can best serve God and others**

**Become leaders who can impact the world for Christ**

Another goal for our athletic programs is for our athletes to learn to collaborate and work effectively with others. As such, team goals will drive our focus and create accountability for continuous improvement at both the individual level as well as the team level.
